

Ocean Cleanup

The idea of cleaning up some of the underwater junk such as old fishing nets, batteries and such in Pender Harbour has been on our radar for a number of years now. Recently though, we've begun to work with the Ocean Legacy Foundation which deals with disposal and recycling of old fishnets and such. We've also been in touch with Rob Alliston's SeaWolf Diving, a local Marine Salvage & Commercial Diving outfit. We're hoping to work with SeaWolf on the diving and retrieval component. Thanks to these two groups it looks like this project is finally getting some legs for a spring cleanup.
